

Transition BOOT CAMP

This is a series of 6 workshops that enable you to have an effective and successful transition program. These workshops will provide participants the regulations and timelines for transition services. Participants will find out how and what evidence to collect to ensure compliance for federal and state accountability. Participants will walk away with the materials for transition services/assessments that they will be able to use in their LEA's.

- Transition 101
- Let's Assess for Transition!
