

TEXAS TECH UNIVERSITY

The Burkhart Center *for* Autism
Education & Research™

Save the Date for one of the Burkhart Autism Training Workshop Summer 2018 Sessions

We have set the dates for our 2018 Autism Training Workshops in June and July. We will not be holding a Winter Intersession due to the weather and some closures across TTU campus during the holidays. **We will hold three Autism Training Workshops at the Burkhart Center in Lubbock, Texas, during the summer of 2018.**

Applications will be released February 1st, 2018, for the following workshop training dates:

1st Workshop: June 19-21, 2018

2nd Workshop: July 10-12, 2018

3rd Workshop: July 22-26, 2018

These 3-day intensive workshop are offered as part of a grant funded by the Texas Higher Education Coordinating Board and will teach skills related to conducting Functional Behavior Assessments (FBA), designing evidence-based intervention programs for students with ASD based on the results of the FBA, and preparing individualized and supportive Behavior Intervention Plans (BIP) for students with ASD. Workshops are open to any educational professional in the state of Texas who works with students on the autism spectrum, whether teacher, diagnostician, LSSP, or behavior specialist.

We hope you will plan on applying and look forward to hearing from you. If you have any questions, please feel free to email Melanie Teague at melanie.teague@ttu.edu or 806.834.2552.

You are receiving this email because you are a Special Education teacher, administrator or service provider, school district, education service center, a participant who may be attending in summer based on a previous selection and invite where you were not able to attend, or someone the organizer has on the interest list.
